

Dear Parents/Guardians

**Fire alarm during morning exam session-Friday, June 8th**

Unfortunately the school's fire alarm sounded during this morning's examination. This was triggered by a piece of equipment being used legitimately by a member of staff in the D & T faculty. This alarm sounded for 6 minutes, during which time your son/daughter was directed in his/her exam to stop writing.

Once the alarm had silenced all students in exams were reassured about the reason for the alarm, and the lost six minutes were added to the end of the exam.

We have contacted the exam board to apply for special consideration for all students in exams this morning; this is to ensure that they are not disadvantaged in any way by the disruption. They have assured us that we have fully complied with their regulations for incidents of this nature.

Yours sincerely

*H Parry*
